

April 12, 1973

The primary part would be the fact that from the news clippings that I have read--now I have not talked to the Governor about it--but from what I have read and what I have heard with discussion of the other members is that the Governor's objections to the free flow of information bill were outlined in a couple of parts. Well, my objection is that that bill, his objection to the bill that he signed could have been remedied by sending the bill back with his objections and asking us to correct that bill. He did not do that. He signed that bill into law and said he would have another bill introduced. So what I'm saying is that this is in effect, or is definitely, another bill and I'm saying then that I have to object because I believe that 575 has to have a public hearing under our rules.

SPEAKER: Senator Warner.

SENATOR WARNER: Mr. President, I wanted to ask Senator Savage a question if he would yield. Expand a little more if you would as to exactly what changes he is proposing from what--you indicated it was not much but I'm wondering if it's not much...

SENATOR SAVAGE: The only
